

INTEGRATING WITH STRATQUAD

SHOPIFY

Just give us your url login link and access to your Shopify store.
You can add and give access to StratQuad as an additional staff in your store.

Please proceed to the next slides on how to add staff.

Step 1

Go to your Shopify account and then click **SETTINGS** in menu on the left side. And then, click **Plan and Permission**.

The screenshot shows the Shopify admin interface. At the top, there is a dark blue header with the store name 'Sulit Deal Lab', a search bar, and the user profile 'SD Sulit Deal'. Below the header is a left-hand navigation menu with icons and labels for Home, Orders (with a '3' badge), Products, Customers, Analytics, Marketing, Discounts, Apps, SALES CHANNELS (with a '+' badge), and Online Store (with a '0' badge). The 'Settings' option at the bottom of this menu is highlighted with a red box and an arrow pointing to it with the text 'CLICK THIS'. The main content area is titled 'Settings' and contains a grid of settings categories: General (View and update your store details), Notifications (Manage notifications sent to you and your customers), Payment providers (Enable and manage your store's payment providers), Files (Upload images, videos, and documents), Checkout (Customize your online checkout process), Sales channels (Manage the channels you use to sell your products and services), Shipping (Manage how you ship orders to), and Plan and permissions (View plan information and manage what). The 'Plan and permissions' category is highlighted with a red box and an arrow pointing to it with the text 'CLICK THIS'. At the bottom of the page, there is a dark blue footer with the text 'You have 12 days left in your trial' and a blue button labeled 'Select a plan'.

Step 2

Scroll down on the lower part of Plan and Permission look for the button **Add Staff Account** and click it.

The screenshot shows the 'Sulit Deal Lab' dashboard. The top navigation bar includes the store name, a search bar, and the user profile 'SD Sulit Deal'. The left sidebar lists various management areas: Home, Orders (with a '3' notification), Products, Customers, Analytics, Marketing, Discounts, Apps, SALES CHANNELS (with a '+' icon), and Online Store (with a '0' icon). The main content area is titled 'Permissions' and contains two panels. The first panel, 'Store owner', shows the user 'Sulit Deal' with a last login of 'Friday, July 19, 2019, 1:35 pm +0800'. The second panel, 'Staff accounts (0 of 2)', includes a description and a link to 'Compare plans'. A red box highlights the 'Add staff account' button, with a red arrow pointing to it from the text 'CLICK THIS'.

Staff accounts (0 of 2)

Customize what your staff members can edit and access. You can add up to 2 staff accounts on this plan. [Compare plans.](#)

Add staff account ← CLICK THIS

Step 3

Fill out the fields and check full permission and hit Send Invite. Please use email: *stratquad.integration@gmail.com*

Send invite ← **CLICK THIS 3**

StratQuad **Fulfillment** ← **FILL THIS OUT 1**

stratquad.integration@gmail.com

This staff account will have full permissions ← **CHECK THIS 2**

LAZADA

Just give us your store's account log in credentials.
Email and password.

SHOPEE

Just give us your store's account log in credentials.
Email/phone/username registered in Shopee and password.

ZILINGO

Just give us your store's SELLER ID and API KEY.
You may contact your account manager at the Zilingo Marketplace to
request for API KEY.

WOOCOMMERCE

We will be needing you store url, consumer API Key and consumer secret.

To get the API key, please proceed to the next slides.

Visit the **WooCommerce > Settings > Advanced** tab and click **REST API**.

Then click **Add Key**.

The screenshot shows the WordPress admin dashboard with the following elements highlighted:

- 1**: The **WooCommerce** menu item in the left sidebar.
- 2**: The **Settings** menu item in the left sidebar.
- 3**: The **Advanced** tab in the top navigation bar.
- 4**: The **REST API** sub-tab in the top navigation bar.
- 5**: The **Add key** button in the REST API section.

The REST API keys table is displayed below the navigation tabs. It contains the following data:

Description	Consumer key ending in	User	Permissions	Last access
<input type="checkbox"/> Woo Demo 2	...ca193e1	selibrite	Read/Write	August 28, 2018 at 5:53 pm
<input type="checkbox"/> SB Demo	...6c1cf21	selibrite	Read/Write	August 28, 2018 at 4:33 pm
<input type="checkbox"/> Briteseller: For testing WC3	...b6&d28d	selibrite	Read/Write	June 5, 2018 at 10:31 pm
<input type="checkbox"/> Briteseller	...3af229b	selibrite	Read/Write	November 12, 2018 at 11:46 pm
<input type="checkbox"/> QA	...353bb4a	selibrite	Read/Write	November 2, 2018 at 11:19 pm
<input type="checkbox"/> wade	...6aa3203	selibrite	Read/Write	November 12, 2018 at 11:49 pm

Enter a description and choose the user you created in the steps above. Then set permissions to **Read/Write**.

The screenshot shows the WordPress admin dashboard with the WooCommerce REST API settings page open. The left sidebar contains navigation options: Dashboard, Posts, Media, Pages, Comments, WooCommerce (highlighted), Orders, Coupons, Reports, Settings, Status, and Extensions. The main content area has tabs for General, Products, Tax, Shipping, Payments, Accounts & Privacy, Emails, and Advanced. Under the 'Key details' section, there are three fields: 'Description' with the value 'Sample Connection', 'User' with the value 'Sample (#1-samp@sq.com)', and 'Permissions' with the value 'Read/Write'. A red box highlights the 'User' field, and a red arrow points to it from the text 'AUTO GENERATED' on the right. A 'Generate API key' button is located at the bottom of the settings area.

Click the **Generate API Key** button, and your Consumer Key and Consumer Secret will be created.
